Baxter, of firm of Langley & Michaels wholesale druggists. MARTINE & Co.-My wife, two years ago, fell with such violence that her spinal cord was injured, with great shock and concussion of the nervous system, evi denced after her recovery from the first violent symptoms by a weakness that re quired frequent rest in bed, by peevish ness, restlessness, and often a semi-spas-modic condition. She could not walk without constant fear of falling. Spite of the efforts of experienced physicians, she grew no better, until I lost hope and looked for her death as her only relief. Ready to grasp at anything that promised help, I bought a bottle of Life Essence and gave regularly. She is now, after five weeks, steadily improving, can stoop to the floor and pick up a pin with certainty of

Last night the hotel adjoining my store caught fire in the hallway to the sec ond story from the explosion of a lamp and the building being cloth and paper was imnediately on fire in several rooms, but in less than two minutes after getting the extinguisher to work the fire was out. As soon as this one arrives I will send the other one down and have it replenished it for future use, or shall I send it as it is.
